Philanthropic Activities:

Scholarships:

The South Valley Quilt Association Scholarship Program was created to provide assistance to students in two categories of study:

-Category 1 provides scholarship assistance to local high school and college students interested in pursuing an educational degree in Fiber Arts. The Arts can be defined as a course of study at a college or university focusing on visual, auditory, performance or literary arts.

SVQA is pleased to award two \$750 scholarships each year. Applications for scholarships in either category are due by April 15 and applicants will be notified by June 15 about selection of scholarship recipients. As an organization we are pleased to be able to make these awards and support student's pursuit of educational goals.

Classroom Grants:

South Valley Quilt Association encourages classroom quilting activities as a means to teach history, skills in math, color, design, art appreciation, and textile/sewing skills. SVQA provides up to \$100 in grant assistance for classroom supplies to support curriculums which include quilting activities or quilting materials. Teachers seeking assistance should download the Classroom Grant Form and submit it for consideration. SVQA will review the requests and determine what resources they can provide. As profits allow, we will donate quilting books to schools for teacher and student reference. The Harvest Quilt & Fiber Arts Show welcomes class and student project exhibits for community viewing.
